

MES 611P

21.5" Stainless Steel Panel PC with Intel 6th Core i processor

Features

- Ultra slim design
- Full flat PCT TOUCH with zero bezel
- Stainless steel SUS 304 chassis
- IP66 Fanless design
- Waterproof Circular Connector
- Waterproof Antenna set
- supports customized I/O ports(option)

RoHS  Windows® Embedded CE FCC

Introduction

The stainless steel Panel PC MES 611P series are the first product combined true flat touch screen, slim edge SUS304 with round corner enclosure, and the most important - IP66 protection for whole unit. Full IP66 SUS304 stainless Panel PC series are suitable for Food & Beverage, Packing, Slaughter house, Sanitary ware factory, Industrial Automation, Logistics, Warehousing.

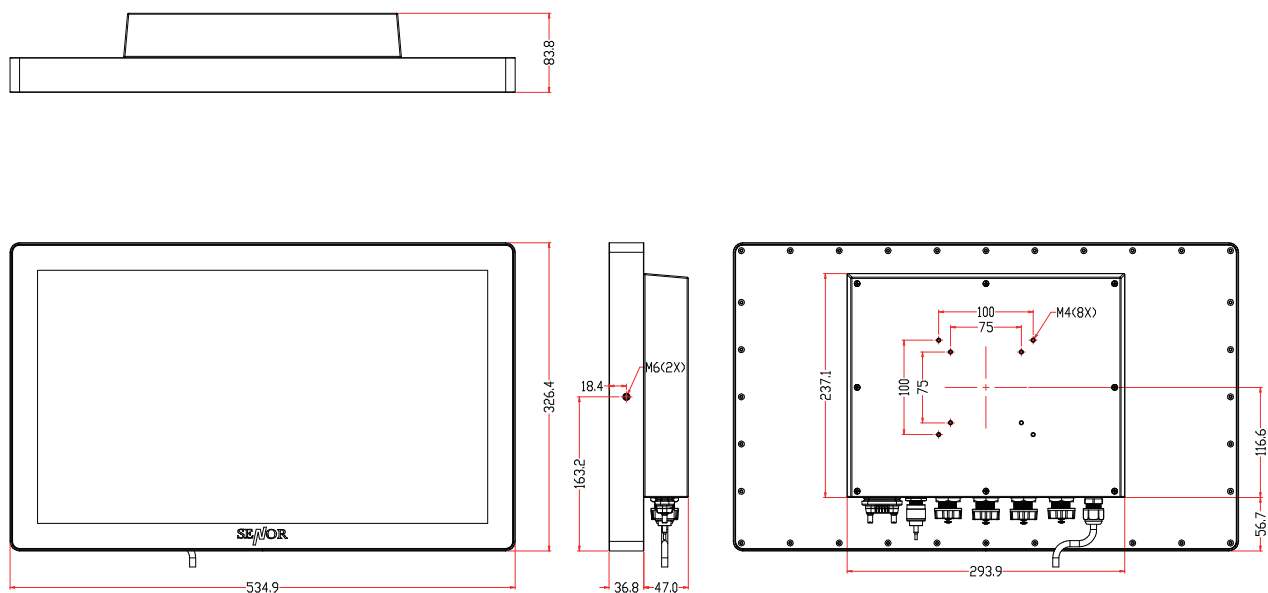

Specifications

Model No.		MES 611P
CPU		Intel i3-6100U 2.3 GHz
System Memory		2 *DDR4 SO-DIMM Max. 32GB
LCD Touch Panel		
LCD Size, Resolution		21.5" TFT, 1920*1080
Brightness, View angle		250 cd/m ² , 89°(H)/89°(V)
Touch type		PCT (Projected Capacitive touch)w/Anti-scattering film
Connectivity		
SSD		1*Half Slim SATA SSD
Giga LAN (waterproof)		2
USB 2.0 (waterproof)		2
COM port (waterproof)		1*(support RS-232/422/485)
Mechanical & Environment		
Dimensions (W * D * H)		534.9*83.8*326.4 mm
Weight		9.6kgs
Splash Resistant,Safety Certifications		IP 66 compliant, CE/FCC
Chassis		Stainless Steel SUS304
Storage / Operating temperature		-20°C~60°C / 0°C~40°C, -10°C~50°C(customized)
Relative Humidity		10%~90% (non-condensing)
Power Consumption		DC Out put:12V 6A / AC in put:100V-240V
Software		
Operation System support		Win 7/ Win 7 embedded/ Win 8.1/ Win 8.1 embedded/ Win 10 IoT for Retail 64 bit
Peripheral Options		
Wireless LAN		802.11 b/g/n Wireless LAN
Mounting kit		Wall Mount, Ceiling Mount, Monitor ARM

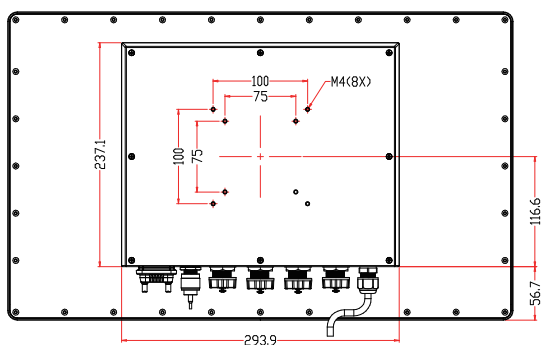

Dimensions

Unit: mm

534.9*83.8*326.4(mm)

VESA 75*75 & 100*100mm

I/O placement
